## **Introduction**

Welcome to your Natal Chart report.

Your Natal Chart report is an astrological chart based on the mathematically precise positions of the planets and the Sun & Moon at the time, date and place of your birth. It provides you with insights into your character and personal life potentials by indicating the strengths you have and the challenges you experience in life.

Your Natal Chart report covers among other things your primary motivation in life, your identity, emotions, mentality, love and sexuality, spirituality, earning ability and career potentialities and so on.

In some parts of the report you will come across apparent contradictions in the descriptions of your character. This is to be expected; people are complex and have many contradictory facets to their personality.

## The 1st House

*The 1st House describes you, your self-expression and vitality. It is your physical appearance and the way others see you and interact with you. The 1st House cusp is, in most cases, the Ascendant or Rising Sign of your chart and indicates your primary motivation in life. The house placement of your 1st House ruler, or almuten, shows the areas of life that are of primary importance to you. Also, planets in your 1st House influence how you present yourself to the world.*

### Ascendant in Leo

Your primary motivation in life is to attain power and recognition. You make an immediate impact on others through displaying an authoritative and commanding personality. Self-confident, self-expressive and vital, you carry yourself well and with great dignity. You are often the centre of attention. A capable leader and organiser, people look to you for direction and respect your judgement. You tend to have a sensitive ego and a lot of pride. Arrogance and stubbornness can turn others against you.

The outcome of this house is determined by the placement of its ruler.

### 1st House Cusp Ruler, Sun, in 10th House

You realise your primary motivation in life through focusing on your career or personal aspirations. Gaining a measure of public recognition and holding responsible positions in society are important to you. You may attain a degree of fame or notoriety; so it is critical that you keep a close eye on your reputation.

## Aspects to Ascendant

### **Ascendant Sextile Sun (2z 38' S)**

You project an aura of confidence and self-assurance that announces to the world "I know who I am and what I'm worth". You have a strong desire to become important or to gain the esteem of others. You have a knack for attracting the attention of important and even well-known or famous people. Other people respond to the sheer warmth, vibrancy and power of your personality.

### **Ascendant Opposition Moon (6z 01' A)**

Readily adaptable, you will bend over backwards to accommodate others and cater to their needs. You have natural warmth, coupled with an ability to make others feel at ease in your company. Women play an important role in your life and you will have many contacts with them. Alternatively, you can be overly sensitive and touchy, and changeable and inconsistent towards others. Difficulties can arise with others through moody and reactive behaviour. You experience periods of feeling susceptible and vulnerable to external influences. Your relationship with your mother may be testing at times.

### **Ascendant Sextile Mercury (6z 18' S)**

You have an eagerness to learn and a need to communicate. Intellectually, you are sharp-witted and alert to what's happening around you; so much so that you rarely miss a trick. A clear communicator, you express yourself lucidly and frankly. You are socially outgoing and popular for your wit and intelligence. You enjoy exchanging stimulating ideas and thoughts with others. If other factors support it, you may be good at business and negotiating deals.

### **Neptune in 1st House**

You tend to radiate a dream-like quality that draws others to you. You are highly receptive to environmental influences and other people. Positively, you have a keen imagination, intuitive and creative gifts, coupled with the power of inspiration. In contrast, care is necessary with intoxicants, as these can over-stimulate your nervous system. You can expose yourself to exploitation by others by being too yielding or impressionable.

### **Neptune in Leo**

You have a flair for the dramatic. You have idealistic notions about your leadership and organising abilities. You are part of a generation that tends to have romantic ideas about leaders and celebrities that may verge on hero worship.

## Aspects to Neptune

### Neptune Opposition Moon (3z 07' A)

You are highly perceptive and sensitive to influences around you and able to pick up on the feelings of others and the mood of the environment. Your empathic manner attracts others to you and you know how to comfort and heal those in need. You tend to have an idealistic outlook on life and can be quite dreamy at times and content to just go with the flow. You are easily inspired and have a vivid imagination with the ability to tap into a wide range of creative talents, including music, poetry, painting and photography. Your dream-life is highly active and you possess a certain psychic sensitivity. At times, you need to be alert to deceptive influences or undermining emotional currents within the family or involving women.

### Neptune Trine Venus (6z 32' S)

Good taste, refinement and artistic appreciation or talent is the promise of this planetary pairing. You have a keen sense of beauty, coupled with creative imagination and inspiration. You may develop a talent for music, dance, drama, poetry, painting or photography. Emotionally, you are highly romantic and inclined to dream and wish for perfect love. In regard to matters of the heart, you are idealistic, a bit ungrounded and susceptible to seducing influences.

### Neptune Opposition Jupiter (4z 36' S)

You are a selfless and compassionate person who is receptive to the needs of others. Spiritual subjects interest you greatly and it is possible that you possess psychic ability. You have a great amount of imagination and inspiration, which you may effectively channel into creative expressions such as music, theatre, dance, film or painting. You are essentially an idealist who sometimes sees the world through rose-tinted glasses. As a result, you can perceive situations to be quite different to what they are in reality. On a mundane level, you may have an enthusiasm for gambling and risk-taking; however it is impossible to tell if your speculations will succeed or fail - so you need to take care, especially if you cannot afford to lose.

### Neptune Square Saturn (0z 47' S)

These two planets are almost polar opposites: Saturn represents reality and boundaries and Neptune represents that which is beyond reality and without boundaries. Having this aspect means you experience periodic struggles between pursuing your spiritual inclinations and meeting the demands of the material world. Physically, you are prone to re-cycling bouts of low vitality and illness. In spite of the challenges you encounter in life, you never waver in your desire to help others.

The outcome of this house is determined by the placement of its ruler.

### **2nd House Cusp Ruler, Mercury, in 10th House**

Negatively, there can be the inclination to judge yourself and others too harshly or to harbour resentments.

It can sometimes seem that everything good that happens to you comes at a cost. Your challenge is to find the middle path between enjoying life and keeping it real. Occasionally, you experience feelings of dissatisfaction with your lot in life; however this can serve as a motivation to improve your situation. All of your personal successes - academic, financial or emotional - are hard won and gained through industry, perseverance and self-discipline. You have a good head for business because you understand the cycles of expansion and consolidation. Your philosophical outlooks tend to be orthodox and conservative.

### **Saturn Trine Uranus (7z 33' S)**

Change doesn't really bother you; in fact you generally see it as a force for good. You understand that nothing in life remains the same forever and, in time, the old always has to give way to the new. You are quite radical and modern in your outlooks, yet paradoxically conservative and restrained as well. By keeping your 'wild side' under control, you generally keep out of trouble.

### **Saturn Trine Moon's North Node (4z 33' A)**

You have a sense of responsibility towards the important people in your life and can be relied upon to be loyal and dependable. Your associations with others of a wide-age difference - either older or younger - are generally harmonious and free from stress or pressure. # **The Qualities and Elements**

*The signs of the zodiac are grouped into two basic categories. These are known as the Qualities and the Elements. The Qualities describe fundamental modes of activity and the Elements describe temperament. There are three Qualities: Cardinal, Fixed & Mutable and four Elements: Fire, Air, Earth & Water. Your horoscope has varying degrees of each Quality and Element. The percentages you have of each will determine their importance in your life. The higher percentages will be more powerful in your life, the lower percentages will be less powerful.*

## **The Qualities**

### **23% Cardinal**

The Cardinal signs are Aries, Cancer, Libra & Capricorn. The more planets you have in any of these signs the more Cardinal you are:

Cardinal people are action oriented and initiating. They are interested in promoting change and bringing new things into the world. They are direct, assertive and like to take charge of situations. They are ambitious, independent and dislike being supervised. They are good at starting projects, but not so good at completing them. They have abundant enthusiasm and are very resourceful. Cardinal people generally don't hold grudges.

### **46% Fixed**

The Fixed signs are Taurus, Leo, Scorpio & Aquarius. The more planets you have in any of these signs the more Fixed you are:

Fixed people are persevering and enduring. They achieve results in life through determined and persistent effort. They tend to do one thing at a time and are extremely practical in their approach to everything. They are staunch, but they can also be inflexible and at risk from becoming set in their ways.

### **31% Mutable**

The Mutable signs are Gemini, Virgo, Sagittarius & Pisces. The more planets you have in any of these signs the more Mutable you are:

Mutable people are the most flexible of the three types. They are able to go with the flow. They are changeable and adaptable, but also indecisive and restless. They are sensitive to the opinions of others, but they can also be impressionable and easily influenced by environmental circumstances. Mutable people lack the stubbornness of the Fixed signs and the forcefulness of the Cardinal signs, which makes them good mediators and go-betweens.

## The Elements

The Fire signs are Aries, Leo & Sagittarius. The more planets you have in the Fire signs the more pro-active and self-determining you are:

The Fire signs go for freedom of action and power. They strive for recognition in life. They are out-going and enthusiastic, adventure seeking and powerful.
