## **Introduction**

Welcome to your astrology compatibility report.

This report is based on the astrology technique of Synastry, which compares the horoscopes of two people and interprets the correlations between them.

The first part of the report analyses the mix of Qualities and Elements between you to give a general indication of your modes of behaviour.

The second part looks at the placements of each other's planets in one another's natal houses. This indicates how you influence each other in the areas of life represented by the houses occupied by one another's planets.

The third part interprets the inter-aspects between your two charts. This shows how you relate to each other. Some of these interpretations are positive and easy and others are challenging.

Your Synastry report reveals your areas of harmony and compatibility as well as your areas of tension and conflict. Hold in mind that human relationships are complex and contradictions can occur in the interpretation.

## Qualities and Elements

### **Prince's strongest Quality is Fixed and Princess's strongest Quality is Fixed**

A relationship between two Fixed personalities is generally positive, but not very exciting. You understand each other well and share similar values. You both need constancy and consistency in your lives. You tend to dislike change and disruption to your routines. You are inclined to hold on to the past and find it hard to let go and move on.

### **Prince's strongest Element is Fire and Princess's strongest Element is Earth**

Relationships between Fire and Earth personalities can be mutually advantageous. Prince is enterprising and outgoing, whereas Princess is security conscious and cautious. Princess benefits from the opportunities that Prince creates and he, in turn, benefits from her common sense and ability to provide material protection. Problems can arise between you, however, if Prince becomes frustrated with Princess's lack of imagination, or if Princess can't cope with Prince's constant need for change and excitement.

## Prince's Houses

### Princess's Planets in your Houses

#### **Her Sun is in your 12th House**

One of the reasons Princess is in your life is because she has a way of illuminating your vulnerabilities and fears. This is a good thing; because with her help you can see them for what they really are and deal with them. All it takes is a single candle to disperse the darkness.

#### **Her Moon is in your 8th House**

When it comes to managing your joint finances Princess's instincts should always be heeded. If she has a good or a bad feeling about anything that could change your financial security, be sure to look into it more deeply. You will probably have arguments over money; however it is always better to be sure than sorry.

### **Her Mercury is in your 11th House**

In Princess you have someone who you can feel relaxed around and talk to as a friend. She understands where you are coming from because the foundation of your friendship is based on mutual interests and intellectual parity. You know how to have fun together and other people enjoy your company.

### **Her Venus is in your 11th House**

She is your best friend and ally. This beneficial combination indicates a beautiful relationship, in which you truly love and understand each other at a core level. You both enjoy socialising and can join groups or clubs for fun and pleasure.

### **Her Mars is in your 2nd House**

Financial matters feature strongly in this relationship. She is straight up and forthright in her views about how you should manage your money and spending. Conflicts can arise quickly when you don't see 'eye to eye' on how money is to be spent. She may attempt to dominate financial arrangements.

### **Her Jupiter is in your 6th House**

She has a beneficial influence on your experience of work; she could even be your teacher in some kind of specialised field. You look after each other's health needs and strive to live a healthy and happy life. You recognise the importance and benefits of a good diet and physical exercise.

### **Her Saturn is in your 6th House**

One good thing that can be said about this combination is that she can be instrumental in getting you to think about your general health and vitality. She may have constructive and practical ideas about how to get into better shape. Alternatively, she could affect your health adversely by weighing you down with her problems and worries.

### **Her Uranus is in your 2nd House**

Get used to the idea of instability in your financial life with Princess around. Her attitude towards money may give you reason for concern, particularly if you are a security-conscious sort of person. She is unlikely to place the same value on possessions or wealth as you and may have off-beat or unusual ways of earning a living.

**Her Neptune is in your 4th House**

Princess tends to feel a bit uncertain and insecure about family and domestic matters. She may come across as evasive to your family members, when in fact she's sensitive and possibly even shy around them. She finds it difficult to put down roots and may be unsure of her own ancestral history. Your dream home together may be just that - a dream.

**Her Pluto is in your 2nd House**

If you like it or not she has a way of rocketing you out of your security comfort zone. She forces you to transform your ideas about money and possessions. Through her influence you could become quite well off or quite the reverse.

**Her Moon's North Node is in your 2nd House**

Through her ideas and actions she teaches you the value of money and possessions.

**Her Ascendant is in your 5th House**

Every now and then someone comes along who we feel instantly attracted to; Princess is such a person. Her personality hits just the right chord in your heart. You can't help but feel close to her. You know you can have fun together.

**Her Midheaven is in your 4th House**

She has similar domestic goals as you. She understands how important home and family-life are to you.

## **Princess's Houses**

### **Prince's Planets in your Houses**

**His Sun is in your 11th House**

You have found a true friend in Prince. You may have met one another through a mutual friend, a common interest group or in a social setting. He has a beneficial influence on you and will be there for you through good times and bad. You have similar dreams and when you put your minds together there's little you can't achieve.

**His Moon is in your 4th House**

Domestic affairs are central to your relationship. Your family backgrounds and upbringings may have been similar. He shares similar family values to you. He instinctively understands your emotional needs and vice versa. He also remembers the same things you do.

**His Mercury is in your 10th House**

He seems to know what you want to achieve in life - personally and professionally - and is more than willing to help you in whatever way he can. He may offer you career advice or even put you in touch with important and influential people.

**His Venus is in your 9th House**

Knowing Prince can feel like a spiritual experience for you; in that the impact he has on you at an inner level is profound. You both also enjoy studying, philosophy and higher knowledge. Overseas trips can be a highlight in your relationship and you will love exploring different cultures and countries together.

**His Mars is in your 1st House**

He is a powerful and energetic force in your life. He encourages you to be proactive and to realise your personal ambitions. You both thrive on physical activity and adventurous situations. Conflicts can arise between you through pushy or reactive behaviour.

**His Jupiter is in your 1st House**

You are lucky to have Prince in your life; he lifts you out of your world and shows you what is possible when you extend yourself and take chances. Rest assured, he has your best interests at heart and won't lead you into situations that you can't handle.

**His Saturn is in your 8th House**

Money is an ongoing problem between you. He may try to control your joint finances, which can cause feelings of anxiety or resentment between you. There is a risk of financial hardship or getting into debt. Running a business together might not be a good idea.

### **His Uranus is in your 7th House**

Don't expect a conventional relationship with Prince because it just 'ain't gonna happen'. He is looking for someone to have different and stimulating experiences with and if you're honest about your feelings for him so are you; otherwise there wouldn't be a connection between you to speak of. Life with him is exciting and never ever boring.

### **His Neptune is in your 9th House**

Prince may appear to be a wonderful spiritual being to you. He may seem wise and learned with profound philosophical or academic knowledge. He may be these things to a degree; however be honest with yourself and him - there are enough 'false prophets' around to fill a cookie jar without adding another one to the mix. Take care not to be seduced; apply some reason and heed your gut instincts when considering the validity of his ideas.

### **His Pluto is in your 8th House**

He can kindle an interest in you for the occult and esoteric mysteries. He may get you thinking about subjects that investigate the questions of life, such as reincarnation and life after death. On a more mundane level, you probably should avoid entering into business or financial arrangements together because there is a danger of creative accounting practices by one or both of you.

### **His Moon's North Node is in your 4th House**

Through his ideas and actions he teaches you the importance that family plays in your life and the consequences of past deeds.

### **His Ascendant is in your 8th House**

When it comes to getting you to shine a light on the inner recesses of your mind he has a knack for switching on the right torch. He has insights that somehow make sense to you.

### **His Midheaven is in your 3rd House**

He really knows how to get through to you. He understands the way you think and enjoys having intellectual conversations with you. He has a knack for getting you to open up and talk.

## Aspects

### **Prince's Sun is Square Princess's Moon 2:37' S**

With this combination there is a sincere desire for harmony between you; however this is often difficult to realize. You often feel discontented and tense together. At times, your individual activities outside of the relationship, such as work or personal ambitions, can override your emotional needs and create feelings of neglect and dissatisfaction.

### **Prince's Sun is Opposition Princess's Venus 1:59' S**

This can be a challenging relationship dynamic. You are physically attracted to one another; however this may be where the connection between you begins and ends. It is probable that you like what you see in each other, but relationships based on external appearances alone don't tend to last long. In order to allow any contact between you to grow beyond the physical you need to find each other's inner beauty.

### **Prince's Sun is Sextile Princess's Saturn 5:23' A**

This can be a stabilizing aspect within a relationship, provided it's handled well. Positively, it encourages mutual respect, self-control and thrift. As long as you show consideration for each other's needs and goals in life, your relationship should be successful. However, if one of you attempts to dampen the other's creativity or control their actions it will lead to problems and probable separation.

### **Prince's Sun is Square Princess's Uranus 0:55' A**

Your first meeting was likely to have been sudden or in a situation that was unusual to you both. The energy between you is electrifying and exhilarating. You thrive on spontaneity and change. You like giving one another surprises and challenges. Life together is always interesting. Other people find your relationship exciting and stimulating because they can see that you don't play by the rules.

### **Prince's Sun is Square Princess's Moon's North Node 5:45' A**

This astrological pairing indicates that your relationship is very significant to both of you. Your union seems to have been pre-destined. As a couple you may know important and influential people.

### **Prince's Moon is Sextile Princess's Moon 5:24' A**

Emotionally, you are in harmony with each other. You are in tune with one another's emotional needs and are very comfortable expressing your feelings to each other. Occasionally, you are able sense each other's thoughts and feelings.

**Prince's Moon is Sextile Princess's Mercury 2:46' A**

Your thoughts and feelings are in harmony with each other. You are so in tune with one another that you often complete each other's sentences. When you are together in other people's company you seem to be able to second-guess what they are thinking and feeling.

**Prince's Moon is Trine Princess's Mars 1:13' A**

Your feelings and actions are in sync with each other; how you both feel about a situation determines the way you respond to it. You are honest about your feelings for one another and have little trouble expressing them. You enjoy keeping busy and initiating new projects and enterprises together. Other people know where they stand with you as a couple, as you're always direct and forthright.

**Prince's Moon is Square Princess's Jupiter 4:40' A**

The difficult aspects between Jupiter and the Moon are not usually too demanding. In general, you both desire the same fundamental things in a relationship: emotional harmony, mutual respect and the ability to advance and prosper in life together. You are honest with one another and you both want to make the other as happy as possible. Some problems can arise over philosophical differences, extravagance or displays of indifference and neglect. Otherwise, this is a good relationship combination.

**Prince's Moon is Square Princess's Saturn 2:37' S**

Expect emotional dissatisfaction with this planetary combination. You find it difficult to get close to each other. One of you tends to be very sensitive and the other can be stand-offish and controlling. The former often feels that their feelings are held in check by the more saturnine partner. This can cause disharmony between you and within the domestic environment. Interference from outside influences, such as other women or family connections, can put your relationship under pressure. Emotional and physical distance can occur and eventually lead to estrangement or separation.

**Prince's Moon is Trine Princess's Pluto 5:37' A**

Your feelings for each other are deep and intense; and emotional commitment to one another is of paramount importance to you both. By being together you experience transformation at an inner and emotional level. There may some control and manipulation issues to contend with.

**Prince's Moon is Trine Princess's Moon's North Node 2°15' S**

You are able to cultivate a feeling of closeness with one another. You are supportive and devoted to each other and towards the important people in your lives. Family is important to you and strong contacts will be established with your respective family members.

**Princess's Sun is Trine Prince's Mercury 2°42' A**

This is a positive combination within a relationship. A harmonious aspect between one partner's Sun and the other's Mercury makes for an ease of communication and good mental understanding. You tend to think alike and have similar objectives. You share an interest in learning and enjoy being involved in mentally stimulating projects. As a team, you come across as a dynamic duo that can impress others with your wit and verbal skills. You both enjoy talking with people and expressing your opinions.

**Prince's Mercury is Trine Princess's Mercury 3°45' S**

You have good mental understanding and communication between you is generally easy and smooth. You can agree on most things and meet each other half way on points of difference.

**Prince's Mercury is Sextile Princess's Mars 5°19' S**

When you decide to do something together you go ahead and make it happen; you are people of your word, who walk your talk. Communications between you are lively and stimulating. You certainly don't agree on everything, but you have the courage to speak your mind to one another. You present a united front to other people and others know where they stand with you.

**Prince's Mercury is Square Princess's Jupiter 1°52' S**

Whilst communication between you is generally positive and constructive there are going to be times when you disagree about things. The important thing is to be honest with each other. Keep an open mind about each other's beliefs and don't try to force your own on to one another. Take care with important joint decisions, especially if money is involved; double check documents and contracts.

**Prince's Mercury is Conjunct Princess's Neptune 1°41' A**

You are keenly aware of each other and understand one another at a profound level. You pick up on each other's thoughts intuitively and seem to know what the other is thinking. There may even be the power of telepathy between you. Metaphysical and spiritual subjects interest you both. There is, however, some risk that you may deceive or lie to one another - intentionally or unintentionally.

**Prince's Mercury is Sextile Princess's Pluto 0°55' S**

Through the process of mutual self-examination you have the power to transform your thinking and understanding of yourselves. As a team, you are well-suited to investigative and research work. You could even publish something together.

**Prince's Venus is Sextile Princess's Ascendant 2°01' S**

You find it easy being affectionate with each other and it is obvious that you love one another deeply. You tend to like the same things in others and share similar artistic and cultural interests. You appear happy and content with each other.

**Princess's Moon is Sextile Prince's Mars 4°05' S**

Your feelings and actions are in sync with each other; how you both feel about a situation determines the way you respond to it. You are honest about your feelings for one another and have little trouble expressing them. You enjoy keeping busy and initiating new projects and enterprises together. Other people know where they stand with you as a couple, as you're always direct and forthright.

You take an active interest in each other's ambitions and readily lend your support to helping one another realise them. Your work and domestic environments are energetic and lively.

**Princess's Moon is Sextile Prince's Jupiter 4z51' A**

You are open and honest in your feelings for one another and enjoy emotional harmony. You have an instinct for each other's emotional needs and a strong desire to make one another as happy as possible. You have the ability to advance socially together and to prosper financially and materially. Travelling together should be easy and enjoyable.

**Princess's Mercury is Opposition Prince's Jupiter 3z19' A**

Whilst communication between you is generally positive and constructive there are going to be times when you disagree about things. The important thing is to be honest with each other. Keep an open mind about each other's beliefs and don't try to force your own on to one another. Take care with important joint decisions, especially if money is involved; double check documents and contracts.

**Princess's Mars is Trine Prince's Jupiter 1z46' S**

You are an enterprising and ambitious pair; and know what it takes to be successful in life. You encourage and push one another to achieve your mutual goals. You like starting new projects together and seeing them through to their conclusion.

**Prince's Jupiter is Trine Princess's Moon's North Node 1z43' S**

The connection between you is generally harmonious and mutually uplifting. You get along well with each other and are tolerant and supportive of one another's outlooks and beliefs. You interact well together with others and make many friends as a couple.

**Princess's Sun is Sextile Prince's Saturn 4z24' S**

This can be a stabilizing aspect within a relationship, provided it's handled well. Positively, it encourages mutual respect, self-control and thrift. As long as you show consideration for each other's needs and goals in life, your relationship should be successful. However, if one of you attempts to dampen the other's creativity or control their actions it will lead to problems and probable separation.

**Princess's Mercury is Sextile Prince's Saturn 2z04' S**

You are clear and concise in your communication with one another and offer each other constructive criticism when appropriate. You can work well together on joint ventures through maintaining a sense of reality and making important decisions carefully.

**Princess's Mars is Conjunct Prince's Saturn 3z37' A**

This is a very difficult planetary combination for a relationship to deal with. One of you tends to control the movements of the other. Over time, this leads to a hardening of attitudes or bitterness towards one another. In extreme circumstances there can be destructive actions and even physical violence.

**Prince's Saturn is Sextile Princess's Neptune 3z22' A**

This aspect can be an asset in a relationship; in that it enables you both to keep things in perspective. You follow your dreams, yet don't get carried away with them; you know what is realistically possible.

**Prince's Saturn is Conjunct Princess's Pluto 0z47' A**

This combination forces each of you to confront your individual fears and inhibitions. The test, however, is not to be judgemental of each other. Be truthful with one another, but also fair and understanding; then there will be real growth between you. Guard against manipulating or controlling each other, as these can have destructive consequences on your relationship.

**Princess's Moon is Trine Prince's Uranus 4z53' A**

From the first time you met, you knew there was something going on between you. You have a strong intuitive connection. Spontaneity and variety keeps your relationship alive. You enjoy doing new things together and like to give one another little surprises. Boredom never gets a chance to set in with you two.

**Princess's Mercury is Conjunct Prince's Uranus 3z16' A**

Chances are your backgrounds are quite different from each other's and this is what fascinates you about one another. There is intuitive understanding between you and you often know what each other is thinking. You stimulate each other mentally and get a real kick out of brainstorming sessions. You bounce ideas off one another with lightning speed and understand new concepts quickly.

**Princess's Mars is Sextile Prince's Uranus 1z43' S**

You encourage one another to be adventurous and to try new things in life. You both need your freedom and willingly give each other the space to do your own thing from time to time.

**Prince's Uranus is Sextile Princess's Moon's North Node 1z45' A**

Your first meeting was probably sudden or initiated by a friend or acquaintance. It may, also, have taken place in circumstances which were unusual for you. Chances are that you both knew instantly that you'd strike up a connection.

**Princess's Sun is Square Prince's Neptune 4:28' A**

The main concern of this aspect, from a relationship perspective, is do you trust one another and are you honest with each other? There can be a tendency to evade important issues within your relationship or to do things behind each other's backs. There can also be problems with intoxicants and difficulties caused by deception or unreliability. Positively, there is a strong inner connection between you and you are able to pick up one on another intuitively. Deep down, you both know what the other needs and expects of each other.

**Princess's Mercury is Sextile Prince's Moon's North Node 1:46' S**

The key to your relationship is communication and learning from one another. An open sharing of ideas will tell you a lot about yourselves and each other. Misunderstandings only occur if you don't communicate clearly.

**Princess's Mars is Trine Prince's Moon's North Node 3:19' A**

You have a strong desire to cooperate with each other. However, for this to succeed you need to discourage competition between you or any inclinations one partner may have to try and dominate the other. Otherwise it defeats the purpose of teamwork.

**Princess's Jupiter is Square Prince's Moon's North Node 0:08' A**

**Princess's Jupiter is Opposition Prince's Ascendant 0:19' S**

This is one of the most ideal astrological combinations for partnership and marriage. There is harmony between you and a great tolerance for one another's views and belief systems. You are willing to make compromises for each other. Expect social and material advantages.

You instinctively know when something isn't right between you. Problems can arise when you are not completely honest with each other. Furthermore, there can be issues associated with alcohol or drugs.
