## Introduction

Welcome to your Forecast Report

This report shows the astrological trends influencing your life over a period ranging from days to months or years, depending on the time frame used.

The duration of each trend is indicated by a starting date, an ending date and strongest influence date. Further, an influence may begin before the time frame of the report or end beyond it.

The accuracy of the timing of the forecasts is dependent on the accuracy of the birth time. Be prepared to slide the sequence of trends either forwards or backwards in time if necessary. In some instances, there may be interpretations that repeat themselves. This is due to the cyclical and forward and backward motion of the planets activating points on your chart more than once in the period under review.

As you will find, the forecast interpretations can be positive and/or challenging. Their effects can be experienced either directly personally or through events in the lives of others in the environment. Some trends will be more apparent than others, while others may be more subtle. What is most important is how you respond to them.

## Results

### Before 1 Jan 2009 - Beyond 1 Jan 2010, Transiting Uranus is passing through your 7th House

For the duration of this transit your relationships - both personal and professional - will undergo many changes. If there are any tensions in either of these areas, they will tend to surface now. Partnerships could break up at this time, especially if they have unresolved issues and are already rocky.

### Before 1 Jan 2009 - Beyond 1 Jan 2010, Transiting Neptune is passing through your 6th House

During this period you are motivated by the desire to be of service to others. You may work in some field related to the healing professions or the service industries. Job satisfaction is wished for, but may be hard to realise now, because the ideal may contrast with the reality of the work situation. Care may be needed with respect to the effects of drugs and alcohol on health.

### Before 1 Jan 2009 - Beyond 1 Jan 2010, Transiting Pluto is passing through your 4th House

During this period your attitude to your family and family members is likely to change quite significantly. There can be a tendency to either break away from your family or to become more involved with them. You could move away from your place of birth; even emigrate. Occult subjects could interest you more now. Power struggles are possible within the domestic environment.

### **Before 1 Jan 2009 - 25 January 2009, Transiting Uranus is Square your Natal Saturn**

This can be a trying and tense period for you. Your powers of adaptability and endurance will be tested now, as you experience the sudden breaking down of old and familiar patterns and structures in your life. We all need structure in our lives in order to function properly; however there are some structures we create that actually prevent us from growing and moving forward. Those areas of your life that you find restrictive and inhibiting will be targeted first. Nothing is permanent; even those aspects of your life you think are rock solid. It is now the time to unlock the padlock in your mind and break out of any self-limiting patterns. During this period you could do something like walk out of an oppressive relationship, throw in an unfulfilling job, or take risks you wouldn't ordinarily entertain. This is an unpredictable time, but if you stay true to yourself and let go of those areas in your life that are holding you back, the long-term gains far outweigh the short-term disruptions. Under certain conditions, sudden separations or confinements can occur during this transit.

### **Before 1 Jan 2009 - 16 February 2009, Transiting Jupiter is passing through your 5th House**

You can expect a variety of pleasant experiences with Jupiter passing through this house. Your creative capabilities are enhanced at this time and you could enjoy artistic successes. Your social life will be more active now and there may be opportunities for romance too. If you have children, your relationship with them should be very good now, providing other factors in your chart don't contradict this. Also, if you're considering having children, this can be a good period for starting a family.

### **Before 1 Jan 2009 - 2 November 2009, Transiting Saturn is passing through your 1st House**

You are now beginning a new cycle of personal growth and self-discovery that will last for several years. Your primary motivation now is to find out more about yourself and to determine what your priorities are. You may tend to withdraw from others more than usual, or come across as cooler and more reserved, perhaps even a bit conservative. Physically, you may feel more tired and weary, so make sure you get plenty of rest and maintain healthy eating habits. Possibly, you will lose some weight without even trying.

**Before 1 Jan 2009 - 16 February 2009, strongest around 13 January 2009, Transiting Pluto is Trine your Natal Pluto**

One phase of your life is coming to an end now and a new one is beginning. You have the opportunity to introduce reforms and to commence new ventures and enterprises that will be part of your life for many years. This can be a creative and meaningful period for you. Possibly, you will work together with others on projects that may influence and benefit many people.

**Before 1 Jan 2009 - 16 February 2009, strongest around 21 January 2009, Transiting Neptune is Opposition your Natal Sun**

This is one of the most difficult transits to pin down, because it can be either spiritually uplifting or mentally and physically draining. At this time, you may feel dissatisfied with your life, considering aspects of it to be hollow or meaningless. In all likelihood, this transit will motivate you to seek answers to life's most profound questions. However, because you are more impressionable and vulnerable than usual now, you need to be selective in your choice of spiritual teachers, because there is a danger of deception. You need to take care that you do not become infatuated with another now, especially someone who is glamorous or powerful, as you could be taken advantage of and not even know it. The consequences of this would certainly result in disappointment but could even involve scandal. Perhaps your biggest enemy at this time is self-deception, therefore do not commit to anything you're even slightly uncertain about. Physically, you will feel more sensitive and frail during this period. Be moderate in your use of intoxicants and stimulants, as these can exacerbate the illusionary qualities of this combination. Positively, if you are in anyway artistically inclined, your powers of imagination and inspiration are accentuated now. Long distance travel can also occur under this influence.

**1 January 2009 - 21 July 2009, strongest around 31 January 2009 and 10 June 2009, Transiting Pluto is Sextile your Natal Neptune**

During this period your focus will be on spiritual and inner-life experiences. You may experience a spiritual regeneration now or a re-affirming of your philosophical and religious beliefs. Possibly, you will experience mystical insights or clairvoyance.

**3 January 2009 - 12 January 2009, strongest around 7 January 2009,  
Transiting Jupiter is Opposition your Natal Venus**

Matters of the heart feature strongly now. You may become the object of someone's romantic desires, or you, in turn, could be smitten with another. Established relationships, too, can go through a period of increased warmth and affection. Alternatively, romance may not feature at all at this time; instead your life becomes a whirl of social engagements or pleasure seeking activities. You may be inclined to indulge yourself and over-spend on such things as luxury items, fine clothes or beauty products. If you are artistically inclined, this can be a successful creative period for you, with your work being acknowledged and respected by others. Travel for enjoyment and pleasure is favoured now, if affordable. Less positively, arguments caused by exaggerated expectations, negligence or differences of opinion can mar relationships. There can be conflicts in love.

**11 January 2009 - 19 January 2009, strongest around 15 January 2009,  
Transiting Jupiter is Square your Natal Neptune**

At this time, you are especially susceptible to external influences and prone to seduction. You are at risk from viewing life and others through "rose-tinted glasses". Take particular care with "sure bets" and "get-rich-quick schemes", because there is a very real danger now that your ability to make financial judgements is seriously impaired. Also, should this transit coincide with a medical concern, you could benefit from obtaining a second opinion. Positively, your inner and spiritual life is enhanced now; more so than at just about any other time. You have a great wealth of feeling and compassion, coupled with a deep and sincere desire to look after or help those in need. Your interest in metaphysical subjects is likely to grow now and you may experience unusual insights. If you are in any way musical, artistic or creative, you can expect your powers of inspiration and imagination to get a boost now. Travel under this influence is usually beneficial.

**12 January 2009 - 20 January 2009, strongest around 16 January 2009,  
Transiting Jupiter is Trine your Natal Midheaven**

This is likely to be a pleasant period in your life with respect to social activity and meeting people of good reputation. You could come into contact with influential people, who may be able to assist you in your career or some area of personal significance.

**19 January 2009 - 14 March 2009, strongest around 14 February 2009,  
Transiting Neptune is Trine your Natal Moon's North Node**

This can be a good time for forming unions with spiritually inclined or artistic and creative people. However, you need to be discriminating in your choice of company. There is a risk from associating with dreamy and unreliable people.

### **13 February 2009 - 11 March 2009, strongest around 26 February 2009, Transiting Saturn is Square your Natal Saturn**

During this period transiting Saturn is making a dynamic aspect to its natal position; hence you are again facing another turning point in your life with regard to your personal development and future direction. Essentially, this current phase of life is being brought sharply into focus - for scrutiny and review - and to an inevitable conclusion. This is now a time for determining your priorities and facing certain realities. Attempt to simplify and reduce your life to absolute basics by systematically separating from situations that are no longer relevant or sustainable. These may take the form of people, places, lifestyles, relationships, jobs, behavioural patterns and habits. Genuine sacrifices and, in some cases, separations are necessary in order to move forward. If you knowingly hold on to something or someone that may be preventing you from growing, you will risk inhibiting your personal development at many levels. Difficulties will no doubt be apparent now, but if confronted and dealt with, the long-term gains outweigh the short-term pains. Expect to lead a more modest and simple lifestyle, with the need to consolidate and economise. At this time, put reason before emotion or sentimentality. You are in the process of inner change and transition. Taking a bold step, past the point of no return, away from former structures and securities may be required now.

### **16 February 2009 - Beyond 1 Jan 2010, Transiting Jupiter is passing through your 6th House**

During this transit your focus will be on succeeding in your work and improving your overall health and fitness. Your relations with your co-workers or employees should be relatively good now and, in general, you should enjoy your work throughout this period.

### **24 February 2009 - 5 March 2009, strongest around 28 February 2009, Transiting Jupiter is Opposition your Natal Uranus**

Expect the unexpected with this transit, but don't presuppose that what you experience will necessarily be to your liking, because any transit involving Uranus is going to be unpredictable. Positively, this is a period in which sudden opportunities could present themselves and offer you the chance to break out of old routines and experience new things. For instance, you may have to suddenly contend with new conditions in your work, or you meet someone who influences you profoundly. Some people even have sudden financial windfalls or the chance to travel. Definitely, you will want to make changes for the better under this influence and you should receive plenty of signals, by way of intuitive flashes, as to how to do this. Occasionally, this transit is preceded by an intense feeling of tension which suddenly releases when it becomes exact. One word of caution, you could annoy others and consequently miss good opportunities now, if you display a "bloody-minded" attitude or contradict people for the hell of it. Legal matters are best avoided now, if possible, as their outcome is difficult to predict. In fact, if conflicts of any description do arise, it is in your best interests to try and nip them in the bud, lest they become exaggerated out of all proportion.

### **8 March 2009 - 18 March 2009, strongest around 13 March 2009, Transiting Jupiter is Square your Natal Mars**

This is an essentially positive transit; however there are pitfalls to be aware of that can lessen its positive effect. Firstly, there can be a proneness to immoderate activity. Secondly, you may feel motivated to take risks that you wouldn't ordinarily take. Thirdly, you can project an over-inflated sense of your own self-importance to others. In all instances the outcomes could be an unravelling of your good efforts. Yet, if you can keep a sense of perspective, plan your moves well and remain circumspect during this period, the potential for success in any undertaking is almost certain. This is an excellent period for business matters, negotiations and for starting new projects, providing there aren't other more powerful transits from the stronger planets to contend with also. Your sense of timing is very good now and, as luck will seem to have it, you will probably conveniently find yourself in the right place at the right time. Relations with others can improve now and disputes can be sorted out. If you are sports oriented, this transit can improve your game and take you to another level of fitness. In special circumstances, birth and procreation can feature under this influence. However, other factors in your horoscope must be present for this to be the case.

### **25 March 2009 - 5 August 2009, strongest around 11 May 2009 and 15 June 2009, Transiting Neptune is Trine your Natal Jupiter**

Of all the planets that Neptune can come into contact with, Jupiter is perhaps the most compatible because they are both expansive energies. At best, they can raise your spiritual awareness to higher levels and deepen your powers of compassion and empathy. Artistic creativity, also, can flourish under this influence - especially music, drama, dance and painting. Travel during this transit can be very enjoyable and relatively free of complications.

### **26 March 2009 - 6 April 2009, strongest around 1 April 2009, Transiting Jupiter is Sextile your Natal Saturn**

This transit brings out the best of both Jupiter and Saturn. You will want to expand and grow at this time, but you will be careful in regard to how you go about it. You have good self-discipline and common sense now, coupled with strong powers of perseverance. Whatever you apply yourself to now - be it your work, buying and selling, or business activity - you will demonstrate sound judgement and a responsible and practical attitude. You seem to know how far to go and when to stop. For instance, if you are in business, you may want to expand, but you will only borrow as much money as you can comfortably pay back. Or, if you are considering investing in a savings scheme or property, you will proceed carefully.

**4 April 2009 - 27 June 2009, strongest around 23 April 2009 and 9 June 2009, Transiting Saturn is Trine your Natal Mars**

During this period your desire for gain, power and advantage is accentuated. You have the urge to improve your position in life. Above all, you want to better yourself and expand your horizons - which you may do through travel, higher education, financial activity or speculation. However, you must take great care to keep a sense of perspective on everything and not to over-estimate yourself or your capabilities. There is a danger that you may take on more than you can comfortably handle and risk getting out of your depth. Also, you could be prone to wastefulness and extravagance now. In extreme circumstances, some people can be prone to disproportional amounts of arrogance during this transit, and conflicts with authority figures or brushes with the law are not unheard of. This said there are definite opportunities for growth and personal development under this influence.

**24 April 2009 - 10 May 2009, strongest around 1 May 2009, Transiting Jupiter is Trine your Natal Moon's North Node**

And, while there is nothing wrong with taking a break from the same old grind, you will actually benefit from applying yourself to your work or some other activity now, because you will get results without too much effort. Travel, legal, business or financial matters are all well-aspected now. In general, this should be an easy and pleasant period.
